

Business Rentals & Services

2026 CATALOG

Hawaiian Islands

Celebrating 18 years, Akamai Resort Business Services is Maui's only full-service business equipment rental company primarily servicing the meeting and events market. We own and maintain all of our equipment right here on Maui and do not rely on others to ship in equipment from another island or even another state which can result in damage, delays, and tremendous support issues. While alternative providers provide little or no support – especially after hours and on weekends, Akamai provides service and support 24/7/365 including weekends and holidays.

Akamai's staff is professional and courteous, and our business-class equipment is from some of the most popular and recognizable brands such as HP, Dell, Apple, Lenovo, Sony, and Fellowes.

We also provide sign, banner, and poster printing including the most popular item, foam core signs. This eliminates the need of having these bulky and sometimes heavy items printed elsewhere then shipped round-trip because we make them right here on Maui. Last minute orders, changes, and additions are much easier too!

On-site pop-up shipping desks and exhibitor material shipping desks, as well as inbound package and freight drayage services are available.

We work with all carriers and provide expert care of your important shipments.

Always ready to assist you with your projects, please let us know how we can help make your event a success!

COMMENTS

Why be stuck with an old technology monitor when you can have the newest technology in a name-brand massive 65" or 75" Ultra HD 4K monitor!

Extra-Large High-Definition LED 4K TV/Monitor

Whether you need an awesome TV to watch a television broadcast or video, or a monitor to display a presentation or use for signage, our name brand SONY 65" & 75" TV/Monitors are just the thing!

If you need an impressive TV / Presentation Monitor that is not only large but has impressive features, don't settle for anything less than our SONY 4K Ultra HDR Smart TVs.

Providing a massive display screen and having great viewing from side angles, they're perfect for using as a sign/display where people walk by and view from all directions.

The SONYs are also very sleek with a bezel of just 1/2-inch so it looks very modern and sophisticated.

With so many connectivity options such as 3 USB and 4 HDMI connections, hooking up most anything will not be a problem.

The optional rolling stand with locking wheels is ideal for keeping it secure and high enough for good viewing, and it can easily be rolled in and out for overnight storage if necessary. And with adjustable height and angle, you can position the TV/Monitor just about anyway you want.

COMMENTS

This is a convenient unit to have if you need more than just color printing. Great for making copies of drivers licenses or signed pages, or to scan to email or a USB drive. For high-volume color copies with collated and stapled sets, please see our full-size color copier. This unit includes unlimited black prints and 100 color prints per day (additional color prints charged at 50¢ each).

HP Enterprise Color LaserJet MFP M578dn

Networkable full-feature color laser printer with copy and scanning capability, offering a wide array of convenient functions in an easy to use all-in-one, space saving, table-top design.

The HP Color LaserJet M578dn is a convenient multi-purpose, multi-function, networkable color laser printer with a variety of capabilities all in a single, portable, space-saving device .

- Printing in both color and b/w is via a single USB connection or multiple connections via a network, with speeds up to 40 pages-per-minute.
- Copying is via the top automatic document feeder or the glass-platen for items that can't be sheet-fed such as books.
- Scan to your USB drive, or to email when networked. Scanned

documents can be saved in PDF, and JPG file formats.

As with all printers we offer, this printer is compatible with both Windows and Mac operating systems, and includes all toner and a full tray of paper.

Delivered, setup, and supported, right here on Maui!

COMMENTS

This is our fastest and one of HP's fastest color laser printers and includes extra convenient features that enable easy printing from mobile devices when networked or even when not networked via the NFC / Wireless Direct printing capability. You can also print directly from your USB memory drive. It includes unlimited black prints and 100 color prints per day (additional color prints charged at 50¢ each).

HP Enterprise Color LaserJet M653dn

At up to 60-prints per minute and **one of HP's fastest**, this full-feature color laser printer is extremely fast and has numerous convenience features plus toner that seems to last forever.
The ultimate color network printer and our favorite printer!

Nearly 50% faster than our HP Color LaserJet on the following page, this HP Enterprise Color LaserJet M653dn is a true business-class color laser printer that prints large volumes at 60 pages-per-minute.

Automated duplex printing is included standard on this top-of-the-line color laser printer - and at full print speed.

When networked, you can also print via Apple AirPrint from your iPhone and iPad and other devices, and forward or send e-mails and attachments to print automatically using HP's ePrint service. With Wireless Direct printing and NFC printing capability, you can also print wirelessly from mobile devices

without the printer even being networked. Finally, you can also just plug in your USB drive and print PDFs and JPG images with no computer or other device required.

As with all printers we offer, this printer is compatible with both Windows and Mac, and includes all toner and a full tray of paper.

Delivered, setup, and supported, right here on Maui! Reserve yours today.

COMMENTS

This is a mid-volume color laser printer that also has extra convenient features that allow for easy printing from mobile devices when networked or even when not via the NFC / Wireless Direct printing capability, or directly from your USB memory drive. Especially convenient when your boss walks in the room and needs to print from their iPhone! It includes unlimited black prints and 100 color prints per day (additional color prints charged at 50¢ each).

HP Enterprise Color LaserJet M555dn

Our full-feature color laser printer is fast and has numerous convenience features that allow just about everyone to print no matter what type of device they have. While it's not our fastest color printer, it works great as a network printer to share with the entire office!

The HP Color LaserJet Enterprise M555dn is a robust business-class color laser printer that prints at a fast 40 pages-per-minute in both black and color, has automatic duplex printing built-in, and has numerous convenience features that allows printing from most any device.

While direct USB and network printing from desktop and laptops is of course available, when networked, you can also print via Apple AirPrint from your iPhone and iPad and other devices, and forward or send e-mails and attachments to print automatically using HP's ePrint service. With Wireless Direct printing and NFC printing capability, you can also print wirelessly from mobile devices without the printer even

being networked. Finally, you can also just plug in your USB drive and print PDFs and JPG images with no computer or other device required.

As with all printers we offer, this printer is compatible with both Windows and Mac operating systems, and includes all toner and a full tray of paper.

- USB Cable
- 24/7/365 Support

COMMENTS

This is our fastest laser printer and has extra convenient features that allow for easy printing from mobile devices or from your USB memory drive. For busy offices that need to get a lot of printing done, we highly recommend this printer! It includes unlimited black prints.

HP Enterprise LaserJet M603n

A fast and versatile b/w network printer, this laser printer prints at 62ppm and you can also print from your iPhone, your iPad, or with just a USB drive! For high-productivity offices that just need black printing, this is the one to get!

Our HP LaserJet Enterprise M603n is just about the fastest in HP's business-class monochrome laser printer lineup. In addition to high-speed black and white printing, this printer boasts features usually not found anywhere in this category.

While direct USB and network printing from desktop and laptops is of course available, when networked, you can also print via Apple AirPrint from your iPhone and iPad and other devices, forward or send e-mails and attachments to print automatically using HP's ePrint service. Finally, you can also just plug in your USB drive and print PDFs and JPG images with no computer or other device required.

Toners last what seems forever (and spares are always free), and paper capacity is 600 pages.

If you need to rent a super fast, trouble-free b/w printer on Maui, this is the one to get!

PROFESSIONAL LAPTOPS WINDOWS OR MAC

DESCRIPTION

Lenovo Thinkpad or Apple MacBook
Microsoft Office Professional
Built-in Web Cam

WHAT WE INCLUDE

- Laptop Carry Case
- 24/7/365 Support

COMMENTS

When you need portability, our laptops are just the ticket. You can add a full-size keyboard, a mouse, and a nice, large, full-size monitor if desired.

MacBook Pro 14 • Lenovo ThinkPad

Whether you're a Mac or a PC (or maybe a little of both), we've got you covered with either a nice 14" MacBook Pro or a Lenovo ThinkPad business-class laptop. They both come Wi-Fi ready, and include Microsoft Office Pro so you can hit the road running.

The Lenovo ThinkPad laptops are at the top of the list when it comes to business-use laptops. Fast, powerful, sturdy, and the famous ThinkPad keyboard! Great for presentations, or even just surfing the Internet in your room.

Apple's hottest notebook series, the MacBook Pro has a gorgeous 14" screen, illuminated keyboard, built-in web cam, and all the normal sought-after features of MacBooks. You can expect to be productive and have fun at the same time.

For security, all computers are restored to pre-rental condition to protect you and your important data.

Delivered, setup, and supported, right here on Maui! Limited quantities, reserve your laptop today!

FULL-SIZE JAM-FREE DOCUMENT SHREDDERS

DESCRIPTION

Cross-cut Professional Shredders
 Jam-free Design
 Large Capacity
 Easy to Empty Bins

WHAT WE INCLUDE

- Shredder oil
- 24/7/365 Support

COMMENTS

Low-cost shredders are always jamming or needing to be emptied. These full-size shredders run a long time and hold a lot of paper so you can do other things besides emptying bins or fixing jams all the time. With our commercial-use professional shredders, you're sure to be pleased with the outstanding job each unit delivers.

Prefer a Shred Bin? Don't want to bother with shredding yourself? We offer a 20-Gallon Locking Shred Bin for the same price!

Fellowes Powershred 225Ci Shredders

Fabulous document shredders to keep your important information from getting into the wrong hands. Our new Fellowes Cross-cut commercial-use business shredders are perfect for non-stop shredding, and jam free!

Our professional cross-cut document shredders are perfect for when you want to keep your unwanted documents secure from prying eyes.

Easy to use, simply insert up to 20-sheets of paper (or CDs or credit cards) and they will shred and store them in the integrated waste receptacle below. Quiet, secure, and jam free.

The 100% Jam Proof System electronically measures paper thickness to prevent jams.

SafeSense Technology stops shredding immediately when hands are too close to the paper opening.

SilentShred performance shreds without noisy interruptions.

The Fellowes® Powershred® 225Ci is designed for 3-5 users. It shreds up to 20-pages at a time on a continuous basis and has a bin capacity of 16-gallons.

Professional business-class shredders that won't let you down!

DESCRIPTION

Compact, Simple to Use
Multiple Programmable Channels
Long-Lasting Battery
LCD Channel Display
Unit to Unit or via High Power Repeater

WHAT WE INCLUDE

Spare Battery
Individual or 6-Unit Rack Charger
24/7/365 Support

OPTIONAL

High-Power Repeater installed on roof to increase signal and penetrate concrete structures. \$350/week + \$150 setup.

COMMENTS

Push-to-talk type radios use cellular service and may not reach into the meeting and ballrooms where you need them the most, especially for ocean facing rooms. With the use of our FCC-licensed roof-top repeater, we eliminate nearly all of the dead spots.

FCC-licensed Professional, Two-Way Radios

Our radios are just the thing for keeping everyone in contact, and are available as direct unit to unit or roof-top repeater enhanced. Headsets and ear-mikes are also available upon request.

So important for large events, our two-way radio rentals keep you in touch with your staff with just a push of a button.

No dialing, no voicemail, no per-minute charges! Just push the talk button and your message is relayed immediately to everyone!

Easy to hold and use by everyone and if you need to add more units, we have them right here on Maui!

Choose direct radio-to-radio for short-range line-of-sight coverage, or add our optional roof-top repeater for property and resort-wide coverage!

FCC-licensed for Maui, our radio frequencies are specific for use here, unlike radios shipped in that may have interfering or overlapping frequencies shared by others, and most importantly, not permitted for Maui use.

Multiple channels are available to enable different groups of users to communicate just with each other in one area, or switch to the optional roof-top repeater channel that covers the entire resort.

Delivered, setup, and supported, right here on Maui! Reserve yours today!

SHIPPING & DRAYAGE SERVICES

Award & Gift Shipping

Planning on giving awards and gifts to your attendees? It's great to receive gifts and awards but then how does each recipient take it all home? With more and more airline baggage limits and restrictions, you may want to consider providing the convenience of shipping those awards and gifts home for them.

And did you know you can avoid the hassle of having to deal with this all on your own? We setup and operate shipping desks and provide everything including custom shipping forms, boxes, packing material, packaging services, labels, and secure storage. We then delivery everything to FedEx or UPS, or other couriers, and include providing the important after-service care for you and your VIPs if there are questions once everything has shipped.

Exhibitor Shipping

If you are coordinating a conference on Maui that includes exhibitors and vendors and need inbound or outbound assistance with their exhibits, displays, or products – sometimes which are massive in quantity and size, we are your best option for taking care of this for you and it's both trouble and hassle-free.

Drayage Services

Our drayage service provides an in-bound receiving and storage destination point for large events including incentive events, conferences, exhibits, and more. We track and receive everything from small parcels to multiple pallet-loads of materials and equipment, keep it in secured storage, then provide inside delivery to the designated area at the exact time it is needed including early or late hours, and all days including weekends and holidays.
